

# NIHAN Geriatrics Grand Rounds: Caring for Older Adults Through Telehealth

Telehealth helps increase healthcare value and affordability. It is a convenient and flexible option for all, including geriatric patients facing mobility limitations, transportation issues, and more. Participants of the Nevada Interprofessional Healthy Aging Network (NIHAN) Geriatrics Grand Rounds (GGRs) will learn to implement the 4Ms Framework of care via telehealth.

The NIHAN GGR program is free provider training, in partnership with **Comagine Health**. The providers can register for up to six training courses—each comprised of a pre-recorded didactic session and a live webinar. **Participants can earn up to 12 CME credits:**

- **1 credit** for each 1-hour didactic session
- **1 credit** for each 1-hour live webinar

To earn the maximum 12 CME credits, both the didactic session and live webinar for each training course **must** be completed. The didactic session will be available two weeks prior to the webinar date. See below for a full list of dates and webinar times.

Participants must register for both the didactic session access and the associated live webinars. After registering:

- For the **didactic session**—you will receive a follow-up email about accessing the modules from Comagine Health
- For the **live webinar**—you will receive a Zoom meeting link.

If you have any questions about accessing the didactic sessions, contact Edy Taylor at [ETaylor@comagine.org](mailto:ETaylor@comagine.org). For other questions or concerns, email [NIHAN@unlv.edu](mailto:NIHAN@unlv.edu).

*\*This activity has been planned and implemented in accordance with the Essential Areas and policies of the New Mexico Medical Society (NMMS) through the joint sponsorship of Comagine Health and UNLV. Comagine Health is accredited by the NMMS to provide Continuing Medical Education for physicians. Comagine Health designates this Recurring Scheduled Series for a maximum of 1.0 AMA PRA Category 1 Credit(s)<sup>™</sup> Per session attended up to 12 credits. Physicians should claim only the credit commensurate with the extent of their participation in the activity.*
